The information in this Enrollment Guide is presented for illustrative purposes and is based on information provided by the employer. The text contained in this Guide was taken from various summary plan descriptions and benefit information. While every effort was taken to accurately report your benefits, discrepancies, or errors are always possible. In case of discrepancy between the Guide and the actual plan documents, the actual plan documents will prevail. The plan documents will govern all plans covered in this Guide. The Guide is not a contract or a guarantee of your eligibility or benefit. All information is confidential, pursuant to the Health Insurance Portability and Accountability Act of 1996. If you have any questions about your Guide, contact your administrator. If you sign up for coverage that requires evidence of insurability, even though deductions may start, you are not considered enrolled in the plans until confirmed by the carrier. If declined, you will be reimbursed.

2023 BENEFIT INFORMATION

This **benefit enrollment period** is your opportunity to choose the benefits that are best for you and your lifestyle. This guide has been prepared with all the information you need to select your 2023 benefit coverages. **Your benefits are effective June 1st, 2023 through May 31st, 2024.**

Below are some changes we want you to be aware of as well as some updated information regarding the Affordable Care Act (ACA):

- First and foremost, b.well Connected Health has negotiated and worked hard with Cigna to minimize benefit changes to our plan. In an environment where annual costs continue to go up, we are pleased that we were able to continue to offer a very high employer contribution to offset premiums.
- b.well Connected Health is pleased to continue to provide coverage on the 1st month following date of employment on both the PPO & HDHP plans, Dental, Vision, Basic Life, Voluntary Life/AD&D, Short/Long Term Disability, and FSA/HSA & Dependent Care.

As you consider your healthcare options, please remember:

- If you enroll in any of the Medical plans offered by b.well Connected Health, **you will meet the current ACA Individual Mandate** and will not be subject to IRS penalties.
- **You will not be eligible for any premium subsidies** offered in the marketplace. As a full-time employee, b.well Connected Health already subsidizes your cost of medical insurance and meets the affordability requirement of the employer mandate under ACA.

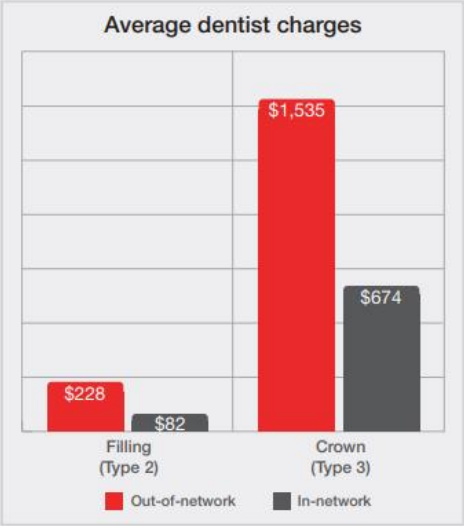
- Print out or save your **ID card** to your smartphone
- Review your **plan details** including maximum benefit, deductible amounts and your remaining benefits
- Check if your current provider is part of the **Ameritas Dental Network**
- Locate your **claims status** page so you can see how benefits are calculated and payments are processed

Evaluate your potential out-of-pocket costs

- Located in your secure member account, the dental cost estimator lets you compare estimated procedure charges based on ZIP Code. You can search estimates for both in-network and out-of-network providers.
- Ask your dentist to submit a pretreatment estimate for any dental work you consider expensive. Then Ameritas will let you know the amount insurance will cover so you can budget for the remainder. The pretreatment estimate is based on your plan benefits and submitted claims.



For illustrative purposes only. Allowance and cost estimates are specific to ZIP Code 605XXX. The initial cost without insurance has been estimated. Actual charges may vary.

Save money

You can use your dental benefits with any provider. The thing to consider is out-of-network dentists will charge you their regular rates, whereas Ameritas network providers have agreed to charge you 25-50% less. After your plan benefits are applied, you pay the remaining balance.

HEALTH SAVINGS ACCOUNT

If you enroll in the **HDHP Medical Plan**, you are eligible to contribute to a Health Savings Account (HSA). With an HSA, you can gain more control over your health care expenses because contributions, interest and withdrawals for qualified health care expenses are all pre-tax. Your savings can be used to pay for qualified health care expenses today, tomorrow, next year – for your life. You will be provided a debit card to use at point of purchase. Be sure to keep your receipts as the IRS may request these in the event of an audit.

Am I eligible? To be eligible to contribute to an HSA, you must meet the following requirements:

- ✓ Be covered under an HSA-qualified health plan on the first day of any month for which eligibility is claimed (as described in IRS Publication 969); the offered HDHP Plan meets the requirements.
- ✓ Not be enrolled in Medicare;
- ✓ Not be claimed as a dependent on someone else's tax return;
- ✓ Have no other insurance except what is permitted by the IRS (see IRS Publication 969).

Why choose an HSA? With an HSA, you get to take some of the money that would have gone to pay for higher health insurance premiums and put it into your own pocket. You don't lose it if you don't spend it. The HSA, including all the money in the account, is yours. You take the account with you when you change jobs, retire, or leave your qualified health plan. You don't have to pay taxes on withdrawals for eligible medical expenses. Even if you lose your qualified plan in the future, you can still use the remaining funds in your HSA on qualified medical expenses.

IRS HSA Contribution Limits*			
2023	Individual $3,850	Family $7,750	Age 55+ Catch Up Contribution: Additional $1,000

***These limits are based on your medical plan coverage level.**

Can I change my contribution?

Yes, you can change your contribution at any time by contacting Human Resources. Please communicate any changes (including account closings) within 72 hours of making the change. Payroll contribution changes will take place on the following payroll from when the change is approved.

What expenses are qualified?

You can use your HSA funds to pay for medical, dental, vision, and pharmacy expenses. After age 65, you are able to use your account for things other than medical expenses; these amounts withdrawn will still be subject to income taxes but will not be subject to penalties.

Can I participate in the FSA and the HSA?

It is recommended that you contribute to the HSA if you are enrolled in the HDHP medical plan and meet all eligibility requirements. You may not contribute to both an HSA and a Medical FSA at the same time. However, you can participate in an HSA as well as the Dependent Care FSA.

IRS FSA Contribution Limits	
FSA Contribution Limit	**Dependent Care Contribution Limit**
Health Care FSA $3,050	$2,500 Single/$5,000 Married (filing jointly)

How Does an FSA Work?

- Employees elect the amount they will use pre-tax for dependent care and healthcare expenses for the full plan year. (June 1st-May 31st)
- The annual election is deducted in equal increments from each paycheck.
- You will receive a debit card to use for your medical FSA transactions. You can use the debit card for any tax eligible dependents and for Medical, Dental, Vision expenses as well.
- You save approximately $.30 on every dollar you spend through your FSA!

Important Notes for your Medical FSA:

- www.benefitslogin.wexhealth.com is a great tool to file claims, view balances, and email your account manager with any questions.
- Estimate your extra medical expenses for the upcoming year so that the right amount is deducted from your paycheck. An FSA is a use it-or lose it account. You will only be able to roll over $570 of your unused dollars. The maximum medical contribution limit for 2023 is $3,050.
- Some examples of Covered Expenses are: office visit and prescription drug copays, deductibles/coinsurance, insulin and diabetic supplies, braces and other orthodontic expenses, weight loss programs prescribed to treat a medical condition, infertility treatments, orthopedic shoes, hearing aids, lasik/laser eye surgery, medical equipment (wheelchair, crutches, braces), adoption expenses, breast pumps, prosthetics and artificial limbs.
